F.A.Q.S ABOUT REGISTRATION

How Are Applications Processed?

First come, first serve. Find out news within two weeks by March 12th.

Is My Camper Enrolled?

All applicants have an *applied* status until our team manually changes their status to *enrolled* or *waitlisted*. Find out news by March 12th!

What Does A Waitlisted Status Mean?

Unfortunately your child(ren) did not receive a spot in the initial round of enrollments. We always expect movement in camp groups, so there's still hope!

How Does Enrollment off the Waitlist Work?

If you are not enrolled between February 27th and March 12th, there is still time. If a spot opens and your child is next in line, we will offer the spot with a 24-hour response deadline.
